INDIA BIENNIAL 2015

THE WRITING ON DANCE LABORATORY *-OPEN CALL*

The Writing on Dance Laboratory at the Attakkalari India Biennial 2015 is a collaborative workspace designed to create critical articulations around contemporary dance and the performing arts.

Geared towards www.ligament.in, a new journal of contemporary dance (also an initiative of Attakkalari) the Writing on Dance laboratory will function as an editorial space for residents to look at contemporary dance in the biennial as a launching pad for deeper discourse about the performing arts.

Participants will be expected to work with the team of writers, like a magazine editorial team, to create content for www.ligament.in on a daily basis. Participants will meet the performers/mentors/collaborators from the other programmes in the biennial (both national and international), receive contextual inputs from experts of different fields and have sessions with different stakeholders in the arts.

We invite writers with some experience in arts writing to apply for the residency. Selected candidates will be provided with a per diem and access to cutting edge performances from all over the world, as well as all the ancillary events at the AIB 2015, but accommodation and travel costs will be the candidate's responsibility.
(For applicants who live outside Bangalore, you may apply for accommodation)

Participants will also be expected to bring their own laptops for the duration of the laboratory.
